

INTER-ACTING HEALTH AND SAFETY

At Inter-Acting, we take the health and safety of our members, performers, and audiences very seriously. We have established the following health and safety policies to ensure that we provide a safe and healthy environment for everyone involved:

1. **Risk Assessment:** We conduct a risk assessment for each production or public event, to identify potential hazards and take steps to mitigate them. This includes identifying fire hazards, trip hazards, and other safety risks.
2. **Emergency Preparedness:** We have a comprehensive emergency preparedness plan in place that includes clear procedures for responding to emergencies such as fires, medical emergencies, and severe weather.
3. **Health and Safety Training:** We provide health and safety training to all members of our company, including actors, crew members, and volunteers, to ensure that everyone is aware of our policies and procedures and can help maintain a safe and healthy environment.
4. **Health and Hygiene:** We expect all members to maintain good personal hygiene, including frequent hand washing, and to stay home if they are feeling unwell or experiencing symptoms of illness. We also provide hand sanitizer and encourage its use.
5. **First Aid:** We have trained first aiders on hand at all rehearsals and performances, and we maintain a well-stocked first aid kit.
6. **Venue Safety:** We ensure that our performance venues meet all relevant health and safety regulations, including adequate lighting, ventilation, and seating.
7. **Accessibility:** We make every effort to ensure that our productions are accessible to all members of our community, including those with disabilities, by providing appropriate seating, assisted listening devices, and other accommodations as needed.
8. **Covid-19 Safety:** We follow all relevant public health guidelines related to Covid-19, including wearing masks, physical distancing, and providing adequate ventilation in enclosed spaces. We also encourage vaccination for all members of our community and request that anyone who tests positive for Covid-19 inform the company immediately so that we can take appropriate steps to protect others.

We believe that by adhering to these health and safety policies, we can provide a safe and healthy environment for all members of our community and ensure that our productions are enjoyable.
